

Lynx

THE CONTACTLESS COUNTING SYSTEM

das-Nano's Lynx brings a new standard for paper counting: Contactless & Ultrafast. Count up to 100 banknotes in less than 1 second. Lynx can work with any substrate: paper, polymer and hybrid. It even counts glued and multilayer sheets. No moving parts, pumps, valves or fittings allows for Maintenance-free and quiet operation. Powered by Artificial Intelligence algorithms and with quadruple hardware, Lynx guarantees 100% confidence in the counting operation. Problems associated with mechanical systems, such as corner damage, measurement failures, discs wearing, personnel safety and counting time are solved with Lynx.
